

The Cowichan Lake and River Stewardship Society (CLRSS) is launching a letter writing campaign. We want citizens to send the BC Government (any Minister(s) that you choose) personal letters asking our elected officials to do two things:

- **Please advance the very urgent process of building a new weir on Cowichan Lake and**
- **Please provide the remainder of the funds needed to complete the project.**

There are many, many reasons that our watershed requires a new and upgraded weir at the head of the Cowichan River Quw'utsun Sta'lo'. Using at least two of these points plus any others that you believe are pertinent, compose a short, clear, polite letter or email stating that you would like to see your government lead by advancing the very urgent process of building a new weir and by providing the remainder of the funds needed to complete the project.

Why do we need a new weir?

- the obvious need for fresh drinking water.
- the inevitable climate changes that we will face in the future.
- the survival of wild fish.
- the continuation of Indigenous culture and food security and
- the economic future of recreation and tourism in the region.
